# PM – Surya Ghar: Muft Bijli Yojana

- **Subsidy for residential households**
- **Rs. 30,000/- per kW up to 2 kW**
- **Rs. 18,000/- per kW for additional capacity up to 3 kW**
- **Total Subsidy for systems larger than 3 kW capped at Rs 78,000**

## Suitable Rooftop Solar Plant Capacity for households

Average Monthly Electricity Consumption (units)	Suitable Rooftop Solar Plant Capacity	Subsidy Support
0-150	1 – 2 kW	Rs 30,000 to Rs 60,000/-
150-300	2 – 3 kW	Rs 60,000 to Rs 78,000/-
>300	Above 3 kW	Rs 78,000/-

# Scope for CSC VLEs

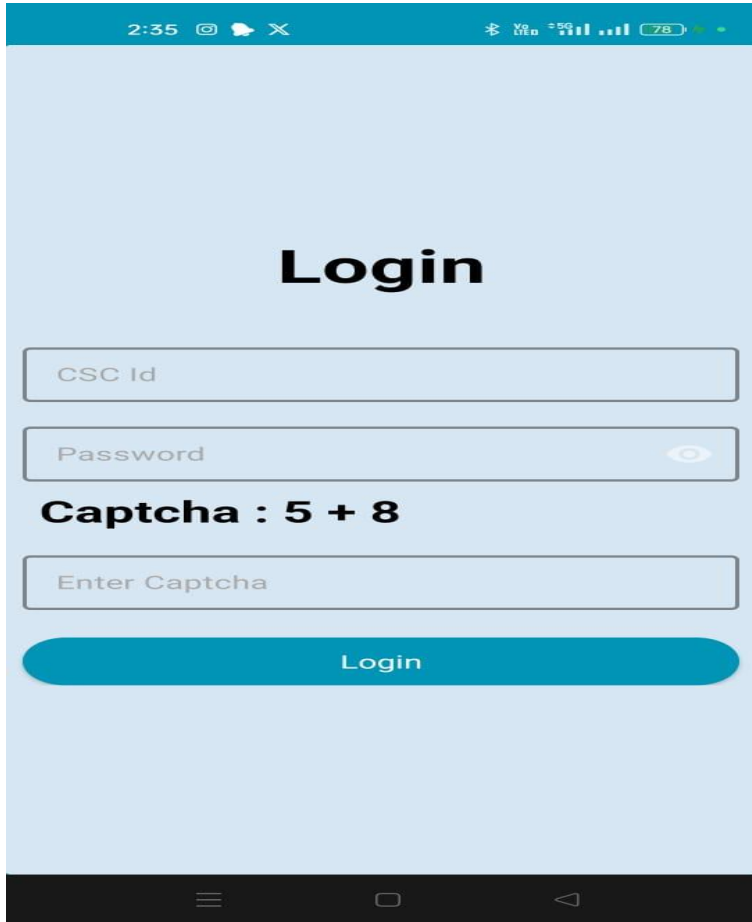

- Enumeration of households interested in installing solar rooftop under **PM Surya Ghar: Muft Bijli Yojana**

## Application interface

The CSC App essentially captures information and generates a Pre-Registration Database (PRDB), subsequently validated by NIC using electricity DISCOMs user data.

# Application interface

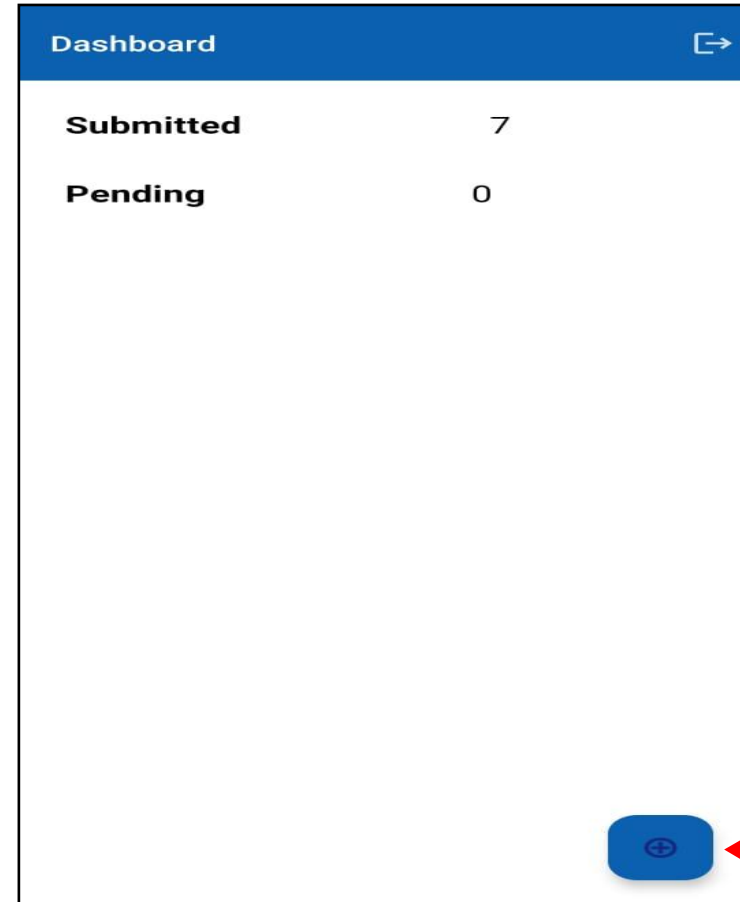

A mobile application login screen with a light blue background. At the top, there is a status bar showing the time 2:35, signal strength, and battery level at 78%. The main heading is "Login" in bold black text. Below the heading are three input fields: "CSC Id", "Password" (with an eye icon for visibility), and "Enter Captcha". Below the captcha field, the text "Captcha : 5 + 8" is displayed. At the bottom of the form is a blue rounded button labeled "Login".

Enter

- Mobile Number
- OTP
- Captcha

then proceed by clicking on "Login."

A mobile application dashboard screen with a blue header bar labeled "Dashboard" and a home icon. The main content area displays two rows of data: "Submitted" with a value of 7, and "Pending" with a value of 0. At the bottom right corner, there is a blue rounded button with a white plus sign icon, which is highlighted by a red arrow pointing to it from the right.

Click on "Start Survey" button for initiating enumeration.

# Key considerations during enumeration

- Data from high rise buildings should not be filled and compiled just to achieve numbers.
- Data of non willing consumers shall not be recorded.
- No data shall be recorded or compiled without the consent of consumer.
- Data of asbestos sheet based roofs or houses having unstable / kuchcha roof should not be recorded.
